Paul J. Miola, CPCU, ARM

Executive Vice President

We are specialists in creating or re-vitalizing public entity pooling programs. We have experience in brokerage, pool management, membership sales & service, member retreats, claims management, and risk management programs. We recognize that in order for pools to remain viable for their members, they must continuously push the edge and provide a better alternative to the traditional market. Let us put our experience to work for you.

Executive Director

Public Entity & Scholastic Division

Our brokers, consultants and program administrators understand pool risk management. We don't just broker insurance – we partner with our clients to help manage and reduce their risks. We've been involved since the beginning of public sector pooling and we are committed to the pooling industry. We are proud to be an AGRIP QEI Sponsor.
