

Thank you for participating in Stories that Set Us Apart! We're happy to include a few useful tips to guide you through the process.

On your computer:

Select the question you'd like to answer from the five on the [AGRiP Stories that Set Us Apart website](#). Each question contains a direct link to help you record. You'll have to create a profile or sign in if you have an existing profile, but then you'll be directed to the question you have selected.

After reviewing three talking points, select "Record." Provide your name and position when prompted, then "Record from Webcam."

Record your video. After you hit "Stop," you'll have opportunity to retake, review or upload your video. If you choose to review your video, make sure to click on the "X" in the upper right corner to return to the Upload option.

Your video must be uploaded to be included in Stories that Set Us Apart. You will receive a thank you message as confirmation your video has successfully uploaded. If you do not receive that message, try recording again or contact [Michelle Leonard](#) for assistance.

On your mobile device:

In your app store, search for and install the "3-2-1 Video" app. When prompted, enter the AGRiP-specific code AG9287. You'll then be prompted to create a new profile, or sign in if you've got an existing profile.

Click "Share Your Story," and you'll be directed to the five feature questions. Select whichever you'd like to answer. You'll get a few talking points, followed by the Record prompt. A recording tutorial is included for your reference.

Select the Record button and tell us your story. When you're done, you can retake, review or upload your video. Retake and review as often as you choose, but make sure to upload your video as your final step. Your video will reside under a "Not Uploaded Videos" tab until you click on the "Click here to upload" link.

When you have successfully uploaded, you'll receive a thank you message. If you do not receive that message, try recording again, or contact [Michelle Leonard](#) for assistance.
